Test Mode:

415 criteria are regularly audited by independent seminar professionals. No detail that is important for a successful event is left out, no matter how small. In order to receive 3 flipcharts, at least 70 % of the possible points must be achieved in the categories image, accessibility, support, meeting points, public areas, break zone, care, seminar furniture, seminar rooms, technical equipment, catering, rooms and hotel. 4 flipcharts are given from 80 % and the highest mark of 5 flipcharts is awarded from 90 %.
